DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 31-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant's claims are indefinite because they recite as limitations the human intervention of an operator in an apparatus claim. For example, in Claim 31, lines 21-24, the sentence reads "when the operator physically transports the physical receptacle along with the physical documents contained therein..." Claims 32 and 33 recite similar limitations directed towards the actions of the operator. See *In re Johnston*, 502 F.2d 765, 183 USPQ 172 (C.C.P.A. 1974), *rev'd on other grounds sub nom.* *Dann v. Johnston*, 425 U.S. 219, 189 USPQ 257 (1976).
